

Tuggerawong Shared Pathway Stages 2 to 5

Engagement Summary

With the first stage of the Tuggerawong Shared Pathways now complete, Central Coast Council recently went out to community consultation to inform planning for stages 2 to 5 of the pathway. Once constructed stages 2 to 5, will complete the popular 'Tuggerah Lake Loop'.

The engagement process for the Tuggerawong Shared Pathway Stages 2 to 5 presented an online interactive map for participants to make comments on, an opportunity to make submissions and a route options survey for stage 5. Council also hosted a four hour drop-in information session where participants were invited to comment, share ideas and complete the stage 5 route options survey.

Engagement Results

Central Coast residents provided feedback on the development of stages 2 to 5 of the Tuggerawong Shared Pathway.

Common themes in the map comments for the project were:

- Environmental implications
- Alignment at certain points along the proposed pathway
- Various suggestions for playspaces, BBQ facilities, gym equipment and amenity blocks

Common themes identified in the comments for the stage 5 route options survey were:

- Environmental impact concerns for Rocky Point
- Safety concerns for Wolseley Avenue option
- Enthusiasm for continuing the foreshore pathway

What's next?

A review of the feedback received during the consultation period is currently being undertaken.

Council will conduct further analysis of the comments received and will provide a full consultation report, which will be available to the community soon.
