

Gosford Leagues Club Park Upgrade

Engagement summary

Central
Coast
Council

Summary

Between 23 September and 21 October 2024 Central Coast Council sought community feedback on redevelopment of the 'tidal terrace' area in Gosford Leagues Club Park.

Upgrades to the park have already been completed, including replacing mulch with softball, installing shade sails, and adding concrete pathways both into and around the play area.

We asked for your input to help shape the design of this space. Opportunities to provide feedback included a pop-up event on-site, via an online survey and via email submission.

Engagement Results

914 surveys completed

Key feedback topics included:

- Water play
- Seating and shade
- Skate Park
- Bike path
- Age inclusive play options, especially play equipment for children under 3

What's next?

Your input will help us to create a design which embraces our diverse community by identifying our users and planning for the future.

The Parks and Reserves Team will now finalise this a proposal incorporating your feedback.

We will inform the community of the finalised plans in the coming months.
